Or register at www.fallschurchcoc.org
No childcare provided

Sue Becker - from Canton, GA - has traveled the southeast for the past twelve years, giving presentations about bread-making and grains. Her presentations have revolutionized the nutrition of countless families.

How can this generation serve our Lord Jesus wholeheartedly if they are sick, drug dependent, or dying from the common diseases which plague this nation?

With a degree in Food Science from the University of Georgia, Sue will present basic nutritional information on how to greatly reduce the risk of the common diseases by focusing on the importance of returning to God's perfect provision for our food and health. Sue uses a biblical perspective with references from the books of Matthew, Exodus, Proverbs, Isaiah, and Psalms and more. The enlightening and life changing information shared, as well as Sue's personal testimonies of improved health, will encourage all who attend.
